## Success Story

This family self-referred to Community Partners for assistance finding housing. The family consisted of Mother, Grandmother and two children. The family had recently moved to the area and were approved for section 8 vouchers and had a quick deadline to find housing. IHBS assisted the family with applying for multiple housing options and the family successfully obtained housing that was approved by their vouchers. The families new housing was in a neighborhood that had access to free community supports. IHBS helped the family connect to community resources to cover a past utility bill. IHBS helped the family connect to resources for furniture and household items. Community Partners funds were utilized to help the family obtain cleaning supplies to create a safe and sanitary home environment. Prior to closing out services IHBS staff helped the family learn how to navigate the public bus system so that they could navigate their way around their new city. Prior to closing the family was reminded of the Community resources available to them.
